Mr. John E. Kieling, Bureau Chief  
Hazardous Waste Bureau  
New Mexico Environment Department  
2905 Rodeo Park Drive East, Building 1  
Santa Fe, New Mexico 87505-6303

Dear Mr. Kieling:

**Subject: Hazardous Waste Treatability Study Reporting for Calendar Year 2014**

The purpose of this letter is to report on hazardous waste treatability studies for calendar year (CY) 2014 for the Los Alamos National Laboratory (LANL), EPA ID NM0890010515. Reporting of treatability studies conducted during the previous calendar year is required annually by New Mexico Administrative Code, Title 20, Chapter 4, Part 1, Section 200 (20.4.1.200 NMAC) as revised March 1, 2009, (incorporating Title 40 of the Code of Federal Regulations [40 CFR] § 261.4(f)(9)).

There were no treatability studies conducted at LANL during CY 2014. At this time, there is one potential treatability study for temperature control of nitrate salt-bearing waste containers at Technical Area 54 for CY 2015. Notification and description for this treatability study will be provided to your office at least 45 days prior to beginning the study, as required by 20.4.1.200 NMAC (incorporating 40 CFR § 261.4(f)(1)). If additional treatability studies are planned, a separate notification will be drafted and submitted to your office.

Please contact Mark Haagenstad at (505) 665-2014 of the Environmental Compliance Programs (ENV-CP) if you have questions.

Sincerely,

Anthony R. Grieggs  
Group Leader  
Environmental Compliance Programs (ENV-CP)  
Los Alamos National Security, LLC
